

PROSPECTUS 2025-26

Nau mai, haere mai...

AKA Education Group brings together six of New Zealand's leading Private Tertiary Providers: Alpha Educational Institute, Kauri Academy, AGI Education, SRA Academy, CC Training Academy (CCTA) and Auckland College of Tertiary Studies (ACTS).

Combining proven expertise and outstanding learner outcomes in the Business, Healthcare, Information Technology, Makeup Artistry, and Construction sectors, we have come together with a vision to grow and empower our students to make a difference for themselves, their whānau and their society.

At AKA Education Group we put our students at the heart of everything we do, engaging and nurturing our students and maintaining a focus on the ability to 'do' rather than just 'know'. In this way we guide and support our students on their journeys into their chosen careers.

Take your pick from our variety of programmes and be assured that your best interest is our priority. At AKA Education Group, you are at the heart of all our initiatives and preparing you for the industry is our #1 priority.

All our providers foster a learning environment that enhances your educational and personal growth. Whichever programme you enrol in, when you are a student at AKA, you are part of a community that strives to make this world a better place.

We encourage you to develop your potential and set out on a career which fits your passion.

CC TRAINING ACADEMY

Discover a Pacific Paradise Aotearoa (New Zealand)

New Zealand's relaxed pace of life gives you the time to enjoy everything our vibrant modern cities have to offer. Enjoy live music, theatre, film, dance, free festivals or international sports fixtures, or hang out with your new friends at a cafe, restaurant or bar.

Most of our cities and towns are relatively small and uncrowded, making your daily commutes easier and faster than back home. Wherever you live, you won't be far from beaches, parks, walking trails and cycle tracks.

New Zealand consistently leads world in guality of life studies, and we have a great work-life balance. Kiwis beleive in balancing a good day's work or study with recreation and time with family or friends, or enjoy hobbies and explore nature.

Kiwis are some of the most welcoming people that you will ever meet. There are just over five million people who reside in the country, and it is one of the safest places to live in the world. We are a multicultural and diverse nation, giving you all the reasons to make this home.

From the City of Sails to the Garden City

AKA Education Group's provider campuses are located in Auckland City, Manukau and Christchurch. All our campuses are modern, spacious, and well-equipped with a welcoming and positive vibe. They are also easily accessible to students by public transport.

Nestled at the northernmost tip of New Zealand's North Island, this dramatic meeting point of the Tasman Sea and the Pacific Ocean..

Why study with us?

- 1. Our priority is YOU and for you to have the best education experience.
- 2. We are a group of 6 leading Category 1 & 2 providers of Healthcare, Pharmacy, Business, Makeup Artistry and English programmes.
- 3. Located in both the North and South Island.
- 4. Internationally recognised qualifications.
- 5. Each of our programmes are designed by industry experts.
- 6. Highly qualified teachers with industry experience, dedicated to helping you succeed.
- 7. Access to work placement/experience opportunities*.
- 8. Find your passion while growing your potential.

Our Healthcare students for clinical placement as a part of the programme Our makeup students get opportunities to work with the industry

What makes us stand out?

• Centredness.

We follow a student-centred approach where the teacher acts as a facilitator rather than an instructor; where students construct knowledge for themselves rather than being told what to think; where students learn better and deeper by being actively engaged in working it out for themselves. In this way you both learn better and develop confidence in yourself and your skills.

Student Engagement •

In class we use approaches that promote active student engagement - no more boring lectures! We engage together actively, work as a team and have fun while learning.

Practical Application •

Of course, 'theory' is important, but the real focus has to be on how it is practically applied. With our programmes the focus is on what you can do, not just what you 'know'. Our practical focus means you are better prepared for working in your industry and more attractive to prospective employers.

Innovation in Teaching •

Using new approaches, blended learning, flipped classroms, integrating technology to assist learning and engagement - we're always looking for more effective ways of teaching to help you learn better and improve your outcomes.

Students who actively take part in lessons, working co-operatively, learn better. That's why the first part of our Learning/Teaching Experience is Learner

Domestic Funding

As a domestic student you may be eligible for Fees-Free provision, student loans and/or allowances. To confirm your eligibility, get in touch with our team or visit www.feesfree.govt.nz and enter your National Student Number (NSN).

Student loans & allowances

Studying is made easier with the support of the New Zealand Government. Which contributes to the cost of further education for eligible students. You can borrow money for tuition fees, course costs and living costs.

To avail of the above, you must be:

- a New Zealand citizen or
- a resident of New Zealand AND either;
- have been living in New Zealand for at least 3 years, and
- have held a residence class visa for 3 years, or
- be a rufugee or protected person, or
- be sponsored into New Zealand by someone in your family who, at the time you were sponsored, was a refugee or protected person

For more information, please visit - www.studylink.govt.nz; or parents and whanau: parents.education.govt.nz/further-education/student-loans-and-allowances/

Our team is happy to help you with understanding your entitlements, just send us an email on info@aka.ac.nz and we can go from there!

International Students A friendly welcome awaits...

Settling in a new country, so different from your own, can be guite a challenge. We understand that and try our best to get you comfortable and settled as soon as possible. Our dedicated student services team, friendly staff and engaging faculty will have you feeling at home in no time at all!

A fun event is always around the corner at all the AKA providers with cultural days, campus activities, student events, and much, much more. Our aim is to provide high quality education and a fun-filled social life so students have a rewarding and exciting time.

Code of Pastoral Care

AKA's International Education providers have all agreed to observe and be bound by the Code of Pastoral Care of Tertiary and International Students 2021 published by the New Zealand Qualifications Authority. Copies of the code are available on request from us or from the New Zealand Qualifications Authority website www.nzga.govt.nz.

Student Fee Protection

In accordance with NZ Government regulations, your course fees are protected by Public Trust in a New Zealand Government guaranteed Student Fee Trust Account. The Public Trust Fee Protect system ensures that your fees are secure for the full term of your studies. Students pay their tuition fees straight to the Public Trust account and the Public Trust pays the provider they choose to study with, monthly in arrears in accordance with an agreed payment schedule. Each student's fees are held separately and a print out of the account balance can be reviewed online or you may ask student services for a copy of the account.

INFORMATION TECHNOLOGY

FILE SYS_0046.24

- Advanced Software Testing Automation (Level 7)
- Postgraduate Diploma in Software Testing (Level 8)

MICROCREDENTIAL **Advanced Software Testing Automation**

(Level 7)

Delivered by: lpha AGI Location: Auckland Clty

The Advanced Software Testing Automation (ASTA) micro-credential aims to equip ICT industry professionals or graduates with the knowledge and skills necessary for them to work as testing automation professionals in the ICT industry. Students will gain a deep understanding of testing automation fundamentals and develop proficiency with various contemporary testing automation tools and frameworks. Additionally, they will learn best practices for testing automation, including how to integrate this within organisational and project contexts and processes.

Duration:

- 150 hours (120 hours of contact / 30 hours of self-directed learning).
- This is delivered over 8 x 2-day workshops (total of 15 hours contact per workshop). These are available on weekends only.

Mode of Completion:

- Mode 1: Workshops 1-8 will be scheduled 4-weeks apart on weekends.
- Mode 2: Workshops will be scheduled 2-weeks apart on weekends.
- Mode 3: Only offered for corporate training and tailored to their client needs.

Workshops Included

- *Workshop 1:* Basics of testing automation
- *Workshop 2*: Selenium-based testing automation for web applications
- *Workshop 3*: Functional testing automation using Katalon Studio •
- Workshop 4: Automated integrated testing using Postman •
- Workshop 5: Mobile testing automation using Appium
- Workshop 6: Performance testing automation using JMeter
- *Workshop 7:* Agile testing automation
- Workshop 8: Defect management using Jira

Entry Requirements

- The micro-credential is geared for the working professional. The key entry criteria are that or higher IT degree.
- For International Applicants, IELTS 5.5 with no band less than 5 (or equivalent as per the English Language Proficiency Requirements for International students determined by NZQA).

What will I learn?

Upon completion of the ASTA micro-credential, learners will be able to:

- Demonstrate a comprehensive understanding of testing automation fundamentals, including benefits, limitations, and tools and frameworks available.
- Create and execute automated tests for web, mobile, and API applications using various automation tools such as Selenium, Katalon Studio, Postman, and Appium.
- Apply best practices for testing automation, including integration with the Continuous Integration/ Continuous Delivery (CI/CD) pipeline, maintaining long-term test maintainability, incorporating testing automation in Agile projects, and optimising tests for accurate and reliable results.

candidates be actively involved in the IT sector or possess at least 12 months of recent (within the last three years) professional experience in the IT sector. Candidates who do not meet these criteria will be allowed entry if they meet the following requirements: Bachelor

Information

QUALITY ASSURANCE STATEMENT

NZQA assesses the standard of education for tertiary education organisations through a regular system of external evaluation and review (EER). Through periodic EER, tertiary education organisations are held accountable to their students, employers, funders, quality assrance bodies and other interested parties. Please go to http://www.nzqa.govt.nz and look for our schools. See our latest EER reports from NZQA. Please also refer to our individual school websites to read about our support and guidance for international students.

CODE OF PRACTICE FOR THE PASTORAL CARE OF TERTIARY & INTERNATIONAL LEARNER 2021

Our schools have agreed to observe and be bound by the code of Practice for the Pastoral Care of Tertiary and International learners published by the Ministry of Education, and managed by the Code Administrator, New Zealand Qualification Authority. Copies of the Code are available on request from this institution or you can find it here:

https://www.education.govt.nz/further-education/information-for-tertiary-students/ code-of-practice-pastoral-care-domestic-tertiary/

RECRUITMENT AGENT BEHAVIOUR

Our Recruitment Agents have been carefully selected and screened to become trusted partners of AKA Education Group Schools. Our Recruitment Agents have also agreed to observe and be bound by the Code of Practice. This includes:

- providing international students with reliable information and advice about studying, working, and living in New Zealand; and

- acting in an ethical manner with integrity and professionalism towards prospective international students.

Any concerns regarding the behaviour of a Recruitment Agent, should be notified to AKA.

HEALTH & TRAVEL INSURANCE

International students (inluding group students) must have appropriate and current medical and travel insurance while studying in New Zealand.

ACCIDENT INSURANCE

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but you may still be liable for all the other medical and related costs. Check for more information at http://www.acc.co.nz

ELIGIBILITY FOR HEALTH SERVICES

Most international students are not entitled to publicly funded health services within New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly-funded health, service are available through the Ministry of Health and can be viewed on their website at: http://www.moh.govt.nz
